Founded in 1960, Primoris Services Corporation (Primoris) is the parent company of an array of vastly diversified infrastructure construction and engineering firms uniquely positioned to bid, design, innovate, build, and deliver in diverse end markets. Through its subsidiaries, Primoris provides a wide range of construction, fabrication, maintenance, and engineering services to major public utilities, petrochemical and energy companies, and municipalities. At Primoris, the health and safety of our employees is our top priority. Primoris is headquartered in Dallas and is a publicly traded company on NASDAQ under: PRIM.

Acquired by Primoris Services Corporation in 2012, Primoris Field Services is a non-union pipeline construction company offering a wide range of services throughout the Southern United States. Primoris Field Services provides small day to day maintenance projects, roustabout services, along with new construction projects, and is based out of Beaumont, Texas, with additional offices throughout the state of Texas.
